Dear Ms. Roth:

Re: Approval for the Schedule Change for "Letter to Ecology 2" and to Draft Workplan for Additional Data collection,  
Terminal 91 Tank Farm Site Agreed Order No. DE 98HW-N108

This correspondence serves as official approval by the Washington State Department of Ecology (Ecology), for the schedule change as requested in your November 23, 2003 letter. This approval applies to the schedule under the Draft Work Plan for Additional Data Collection (WPADC), Supplement to the Bridge Document submitted in March 2003. Ecology concurs with your proposal to submit the "Bulkhead Seepage Model Proposal" at the same time as the draft Bridge Document Report #3 or no later than the end of March 2004, if the proposal is sent in as a separate document.

If you have any questions or comments, please contact me at the Department of Ecology Northwest Regional Office by phone at (425) 649-7280 or by email at [gtri461@ecy.wa.gov](mailto:gtri461@ecy.wa.gov).

Sincerely,
